A PERSONAL MESSAGE FROM THE CONSERVATIVE COUNCIL LEADER

Dear Resident

Four years ago, after 25 years of Liberal Democrat control, you voted for change - for the fresh ideas we promised, of better services at a lower cost. We have kept that promise.

Council tax has been frozen for four years—and only the Conservatives today promise at least two more years without council tax rises. But **we have protected and improved key services**, for example, **guaranteeing weekly bin collection** and **keeping every library**.

In our brilliant local **schools**—and how much I thank our teachers and heads—we have created **over 500 permanent primary entry places**. We have a long-hoped for **new secondary school**, and two more coming by 2017. We are investing £30 million to bring long-denied **sixth forms** to all our secondary schools.

We have brought peace to our high streets and helped our small shops with **30-minute free parking** and the popular new **Richmond Card**. We have started the long job of making roads safer for cyclists and pedestrians by **repairing pavements and potholes** that were for far too long neglected.

We have remembered the most vulnerable— saving hot **meals-on-wheels**, creating the new Woodville Centre for **dementia care** and the Croft Centre for **special-needs children**, building **more affordable homes** than our LibDem predecessors and giving **record help to those facing fuel poverty**.

There is much more in our Manifesto—it is a record of action and the promise of more. For there **is** much more to do. We can't afford a lurch back to the failed old high-tax, high-borrowing policies our opponents cling to. **On May 22 you decide**. To trust our successful team with a second term. Or to call back the past. Please give us your trust. We have kept our promises. We will not let you down.

Lord True: Campaigning against Heathrow Expansion

LEADER, LONDON BOROUGH OF RICHMOND UPON THAMES

BETTER SERVICES AT LOWER COST: COUNCIL TAX FREEZE TO GO ON

DID YOU KNOW?

- For the first time in Borough history Council tax has been frozen for 4 years
- The freeze amounts to a 13% CUT in this element of your cost of living
- We have saved Borough taxpayers a total of £90 million in four years.

DON'T FORGET!

- LibDems and UKIP voted AGAINST every possible Council Tax freeze budget
- The LibDem Leader has confirmed he would PUT UP COUNCIL TAX
- LibDems want higher Council Tax, higher bands and a tax on family homes

A RECORD OF ACTION

- Frozen Council Tax every year saving £672 for a Band E home
- Saving £35million a year on the wasteful budget left by LibDems
- Shared services with other Boroughs to cut costs
- Published all Council spending online to show where cash goes

- Ended Council Tax discounts for second homes in the Borough
- Looked after the lowest-paid by paying the London Living Wage

- Reduced the reserves hoard inherited from the LibDems

A PROMISE OF MORE

- Freeze Council Tax for TWO MORE YEARS AT LEAST, in 2014-15 and 2015-16
- Keep any tax increase after 2016 BELOW the cost of living
- Ensure a share of all in-year savings goes to keeping tax down
- Share more services with other Boroughs to cut costs further
- Impose a cap on interest rate payments to limit borrowing costs
- Resist new taxes on homes, now proposed by LibDems and Labour
- Keep paying London Living Wage

By freezing Council Tax and keeping other charges low we are helping all families with their household bills

BETTER PLANNING: PROTECTING OUR BOROUGH'S CHARACTER

Planning needs further reform to bring it genuinely closer to the people. Too many people think the system is far too skewed in favour of developers. The next Conservative Council will fight, locally and nationally, to change this.

A RECORD OF ACTION

- Changed planning rules to block garden grabbing and new high rise
- Ended preference for bedsit to provide more young family homes

- Make developers pay towards new schools and affordable homes

"My view has always been, and remains, that faced with potentially overbearing developments, neighbours should have the right to defend the value and amenity of a home."

**Lord True,
Leader,
Richmond council
BBC News**

- Our local Parliamentary representatives, Lord True and Zac Goldsmith, put people before party and won a fight in Parliament to protect neighbours' rights in planning.
- This Conservative Council has built more affordable homes than the LibDem Council before it!
- LibDems would scrap our Village Plans, which give local communities a say in protecting local character.
- LibDems want top-down Town Hall Knows Best planning under the same bosses who ran planning for 25 years

Planning *with* local people Planning *for* local people

We believe local residents should be able to decide planning policies for their local area.

So we will reform local planning via our pioneering Village Plans, working with each local community and neighbourhood.

Second-rate building is not good enough for our Borough. We will continue to meet targets for new family, key worker and affordable homes—but with good design and local consent, not top-down.

We will fight to protect that local character which makes our green Borough so special

Apply more help on conditions such as dementia, stroke and diabetes that affect an ageing community, but keep up the fight against HIV and STDs

[WE HAVE KEPT THE FREEDOM PASS](#)

[WE WILL KEEP THE FREEDOM PASS](#)

The dangerous A316—with TfL, this will be one of our next council's priorities for safer routes for cycling

SAFE ROADS AND BETTER TRANSPORT COMMON SENSE & BALANCE FOR ALL

A RECORD OF ACTION

- Groundbreaking referendum, when 100,000 said NO to big Heathrow
- 33,000 potholes repaired to improve cycle safety
- Safer pavements for pedestrians
- Penal LibDem tax on unused cars in CPZs scrapped—and charges cut
- Illegal LibDem parking fines repaid
- New 30 minute free parking to help small shops against supermarkets
- Popular new Richmond Card
- Sold off hated LibDem Spy Cars
- Banned warden bonuses for tickets
- Cull of unnecessary yellow lines

New pavements in the uplift of central Twickenham, just one piece of our multi-million pound investment

THE PROMISE OF MORE

- Parking charges frozen in 2014-15
- Consider extended free parking
- More 30-minute free parking bays
- More pothole and pavement repairs
- More cycle and pedestrian friendly Twickenham, with new safe routes
- 20 mph limits if public want them
- End unnecessary 24-hour bus lanes
- Lobby TfL to remove fixed cameras
- Modern stations for Twickenham and Whitton & step-free access elsewhere
- New river transport in River Park
- New CPZs only with majority support
- NO TO HEATHROW EXPANSION

“This Conservative Council is utterly opposed to a bigger Heathrow and night flights. 100,000 people said NO in our Referendum. Londoners should come before big foreign profiteers and we will fight for local people whatever government is in power.”
Lord True,
Leader of Council

20 MPH ZONES—WHAT DO YOU THINK?

20 mph zones will be much talked about at the election. We will support them in areas where most residents want them. So we are asking people in Whitton and Kew for their views. We are also bringing in a 20 mph limit in central Twickenham. **But the police won't enforce 20mph limits and Councils can't.** And a 20 mph limit in just one road may push more cars into neighbouring roads. That is why we think an **area decision by a democratic majority is fairest to all.**

Our LibDem opponents couldn't care what local people think. They would **IMPOSE** a 20mph limit everywhere; they admit they will spend **£1 million** on officers and road signs in just their first year. That then is the choice you have on 22 May:

With the Conservatives you can have 20mph if you want it. With LibDems you will get it even if the majority don't want it

SAFER CYCLING PLEDGE

Our Borough is united for safer cycling

- Better towpath routes for all
- Safer Twickenham Bridge and new routes past the centre
- New safe route along the A316
- Further extension of cycle network
- New Alliance for Cycling in schools
- Review of all Safer Cycling requests
- Work for Boris Bikes in the Borough
- More pothole and road repairs
- Action on rogue cyclists who break the law and risk road safety.

Fighting for local residents: Council Leader Nick True takes a monster anti- Heathrow petition to No.10.

CUTTING BUREAUCRACY: BETTER LISTENING AND BETTER PUBLIC SERVICE

RICHMOND DEDICATED TO EXCELLENT, MODERN PUBLIC SERVICE

There is too much ‘spin’ and not enough straight talking in politics. Too much talking down; not enough listening. With our pioneering All In One survey in 2011— an idea studied by many other councils—we aimed to draw residents into policy planning and rebuild a sense of community in our Borough. **There is no place any more for divisive party-first politics or stale no-change bureaucracy. It is no longer credible just to cry “we’ll spend more”. You must tax less and spend more wisely. In tough times we must be open to new ways of doing things and new ideas, wherever they come from, provided our spirit of community cohesion is preserved.**

A RECORD OF ACTION

- Ended councillor privileges; stopped free food for Members; cut top allowances
- Cut Leader’s pay by 12.5% and put savings into a fund for older people
- Published all spending over £500 on line
- Ended secrecy culture, webcast Council and planning meetings; publish all FOIs
- Public debates on major petitions
- Cash for referendums, as on Heathrow
- Cut council payroll but protected services
- Began public Leader’s Question Times
- Shared services to cut back office costs

THE PROMISE OF MORE

- Target further cuts in bureaucracy
- Reduce size of Council executive and cap cost of members’ pay
- Improve scrutiny of decisions and give more say to backbenchers
- Challenge other local services in public, webcast hearings
- Use e-technology to involve public
- Further reduce pay bill, but pay the London Living Wage to staff
- Extend Leader’s Question Times
- Actively seek chances to share good services with other Boroughs

THE CHOICE AT THIS ELECTION

Only two parties could form the Council that will set your Council Tax and run your services for four years—the reforming Conservative team elected in 2010 or the LibDem old guard that ran the Borough for some 25 years. A vote for any other party than Conservative risks letting high taxing LibDems back in.

CONSERVATIVES

Will FREEZE Council Tax for TWO MORE YEARS at least, with improved services by greater efficiency

Will continue to seek in-year savings to plough back into new investment, schools and services. Will aim to reduce spending while protecting key front-line services.

Will set a cap on borrowing and interest rate payments to keep your Council tax down. Will oppose new higher council tax bands and Nick Clegg's new tax on homes

Will keep the Freedom Pass, help with fuel poverty and bring in mobile health checks in areas without good doctor cover. Will help older people to stay in their own homes.

Will complete 6th forms in all secondary schools in 2014-15 and create two new secondary schools, one a Free School

Created 540 permanent new primary entry places in four years. Will continue primary expansion plan and welcome Free Schools

Introduced 30-minute free parking and will continue to help high street shops. Will promote safer routes for cycling. Will keep up repair of potholes and pavements

Will protect the Borough's character, fight to keep local planning local and agree Village Plans, letting local people decide priorities. Will invest in local Uplift programmes

Will create a new performance space in Twickenham, a new River Park along the Thames and GUARANTEE weekly bin collections for 4 years

OPPOSE HEATHROW EXPANSION and will work against it with all parties.

LIBERAL DEMOCRATS

Would PUT UP COUNCIL TAX as soon as possible Weasel words, 'cut in real terms', mean they would push tax up with prices

Reject in-year savings as 'hoarding'. LibDems would abandon in-year savings and waste your money unnecessarily. Will spend more, borrow more, tax more.

LibDems want an £8.6 million surge in borrowing in their first year alone. They want new taxes on homes. A vote for LibDems will bring penal new property taxes nearer.

Nick Clegg's LibDems would end a Freedom Pass for all and means test help with fuel bills. Last time in office they heartlessly tried to scrap hot meals on wheels

Banned 6th forms for 25 years and voted against them. Oppose Free Schools - they derided Turing House as a 'blind fantasy'. They cannot be trusted on schools.

Created not a single permanent new primary entry place in four years. Oppose greater freedom for heads in Academies.

Still led by same people who launched war on our high streets with draconian anti-car policies. Can't be trusted not to do it again. Will cut pothole and pavement repairs.

When last in office promoted high rise in Twickenham and Richmond and infill of gardens. Can't be trusted not to do it again. Would scrap Village Plans and local choice

Would scrap community hall in Twickenham and oppose River Park. Tried to end weekly collections before. Would spend £1million on 'waste snoopers' to visit private homes

Also oppose Heathrow expansion but divisively pretend other local parties do not.
